

# BABY SWEET POTATOES

## 1.5-LB BABY SWEET POTATOES

Sweet potatoes are root vegetables with earthy undertones and a wealth of nutrients, including beta carotene, a powerful antioxidant. They are longer and much sweeter than regular potatoes. Due to their small size, our baby sweet potatoes are quick-cooking.

**SIZE: SMALL**

**SHAPE: ELONGATED**

**COLOR: RED-ORANGE SKIN, ORANGE FLESH**

**FLAVOR: SWEET**
